**Honorary Chairman**  
**Jesse White**  
Secretary of State

Thank you for your support in the **100% Foundation/Aberdeen's Wedding Flowers-2009 Toy Drive**. We are blessed to report that over 60 locations received toys because of your generosity for our **local** children in need.

However, it wasn't without concern that we approached the **Gift of Giving 09**, as many of the agencies we support warned that it may be a difficult year. We heard "donations are down and demand is way up" many times over. The reality of not being able to reach out to all of "our kids" existed.

We are proud to announce that we had one of our best years ever! Thanks to you, we were able to support every agency on our list, and all of the children received toys this holiday season!

It's a tribute to your commitment, that we continue this special, hands-on mission. We appreciate having you as a part of our "100% Foundation Family".

Thank you again for caring about our local children in need; let's do it again next year!

Blessings for a great 2010!
